

Six District Educational Compact

Cuyahoga Falls • Hudson • Kent • Stow-Munroe Falls • Tallmadge • Woodridge

August 19, 2020

WELCOME TO THE SIX DISTRICT EDUCATIONAL COMPACT!

Congratulations on your decision to participate in a Compact Career-Technical Education Program!

Here is information that will make your first few days of school go smoothly as you transition to your Career-Technical Education Program. Because we work with six different school districts, the bus schedules and other details will vary.

Common Dates

The Common Start Date for all Career-Technical Education Programs will be Monday, August 31, 2020. This will be for all programs at Cuyahoga Falls, Hudson, Stow-Munroe Falls, Tallmadge and Woodridge districts. The Kent Roosevelt programs will start on September 1, 2020.

The Common End Date for Career-Technical Education Programs for Level I will be Monday, May 24, and for Level II will be on Friday, May 14, 2021.

If you have any questions, please contact the school counselor in your own high school who works with the Career-Technical Education Programs. They are:

Cuyahoga Falls	Mrs. Vickie Davis	330-926-3808 x502204	cf_davisv@cfalls.org
Hudson	Mrs. Jen Chadima	330-653-1420	chadimaj@hudson.k12.oh.us
Kent	Mr. Aaron Carlton	330-676-8720	acarlton@kentschools.net
Stow-Munroe Falls	Ms. Wendy Paul	330-689-5239	st_paul@smfcsd.org
	Mr. Mark Treen (Administrator)	330-689-5206	st_treen@smfcsd.org
Tallmadge	Mrs. Taylor Lane	330-633-5505 x1074	lane.taylor@tallmadgeschools.org
Woodridge	Mr. Chris Vassalotti	330-929-3191 x595133	cvassalotti@woodridge.k12.oh.us

COVID-19 Pandemic – CTE Information

Due to the COVID-19 Pandemic, the CTE Program information will be somewhat different per district. Be certain you have an understanding of your own district's COVID-19 Re-Start Plan **AND** of the Re-Start Plan for the district housing your Career-Technical Education program. I suggest you frequently check the Six District Educational Compact website (www.sixdistrict.com) for updated information.

If you are going to a CTE program at **Cuyahoga Falls**, please read this information:

1. All CTE students attending a program at Cuyahoga Falls High School will report to the building at normal times on Monday, Tuesday, Wednesday, Thursday, and Friday; this is subject to change based on recommendations from the Governor and the Ohio Health Department.
2. Incoming CTE students will enter the building in the designated Career Wing entrance and will follow the building safety protocols as instructed.
3. Communication will be sent via Cuyahoga Falls-issued school email accounts (cftigers.org gmail accounts), the Cuyahoga Falls District webpage (cfalls.org), and via the All-Call system.
4. **Plans are subject to change.**

If you are going to a CTE program at **Hudson**, please read this information:

1. When Hudson City School District is in their “All In” or “Hybrid” Plans, all CTE students will report to the Automotive Technologies Building at their regularly scheduled times, Monday, Tuesday, Wednesday, Thursday and Friday. Students are required to wear face masks at all times (on transportation, in the classroom, in the lab) while in attendance at Hudson City Schools.
2. When Hudson City School District is in their “Remote” Plan, all CTE students will be responsible for logging in daily virtually to complete their assignments.
3. Communication will be sent via students’ school email accounts.
4. **Plans are subject to change.**

If you are going to a CTE program at **Kent-Roosevelt**, please read this information:

1. In planning the opening of TRHS CTE programs, our number one concern is the health and safety of our students, teachers and staff. Programs start September 1.
2. All TRHS CTE programs will be utilizing a no-touch thermometer to assess the temperature of all students entering their room. If a student has a temperature above 100 degrees, the student should proceed to the school nurse or an area designated for additional screening. Sanitizer products will be used and provided. We will minimize shared material. Social distancing will be in place in classrooms and labs, as well as personal protective barriers (Plexiglas panels) as needed. A face mask will be provided to every CTE student and staff, and it must be worn. You may bring your own mask. Face shields will be provided if requested.
3. **Opening Dates:** Tuesday, September 1 (Tuesday through Friday programs; Tuesday/Thursday hybrid programs Group A), or Wednesday, September 2 (Wednesday/Friday hybrid programs Group B).
4. **Programs beginning September 1 as follows:** Computer Aided Design & Engineering Technologies (CADET); Construction Technologies; Forestry & Landscape Management (F&LM); and Health Careers Technologies (HCT) will run four days a week, in person, Tuesday through Friday. Monday will be online for all.
5. The Engineering Academy will meet in person three days a week: Tuesday, Thursday and Friday, beginning September 1. Monday and Wednesday will be online.
6. The following programs are divided into Group A and Group B (due to program enrollment and size of labs). For Athletic Health Care & Fitness (AHCF), Business & Sports Management (B&SM), Cosmetology, Electronics Robotics & Programming (ERP); Marketing, and Teaching Professions, the current plan is to utilize the hybrid model. This means these programs will be divided into two groups – A and B. Group A = Tuesday and Thursday in person and Monday, Wednesday, Friday online. Group B = Wednesday and Friday in person and Monday, Tuesday, Thursday online.
7. Kent CTE teachers will notify students of their schedule.
8. **Plans are subject to change.**

If you are going to a CTE program at **Stow-Munroe Falls**, please read this information:

1. When Stow-Munroe Falls operates on the “Red Plan,” **all** CTE students will report to the building at normal times on Monday, Tuesday, Thursday and Friday. Wednesday will be a remote learning day.
2. For any questions, please email your own school counselor who works with the CTE programs. Please refer to page 1 of this letter.
3. “Final Forms” will be the primary method of communication with CTE students who are enrolled in Stow-Munroe Falls Career-Technical Education programs.
4. **Plans are subject to change.**

If you are going to a CTE program at **Tallmadge**, please read this information:

1. When Tallmadge operates on the “Blue/Gold Plan,” **all** CTE students will report to the building Monday, Tuesday, Wednesday, Thursday and Friday.
2. For any questions, please email your own school counselor who works with the CTE programs. Please refer to page 1 of this letter.
3. Blackboard Connect, student email accounts, and robo calls will be the primary methods of communications with CTE students who are enrolled in Tallmadge Career-Technical Education programs.
4. **Plans are subject to change.**

If you are going to a CTE program at **Woodridge**, please read this information:

1. Woodridge will be in session Monday, Tuesday, Wednesday and Thursday; Friday will be a remote learning day.
2. For any questions, please email your own school counselor who works with the CTE programs. Please refer to page 1 of this letter.
3. “Final Forms” will be the primary method of communication with CTE students who are enrolled in Woodridge Career-Technical Education programs.
4. **Plans are subject to change.**

Calendars

Each district will have its own Early Release and Professional Days for staff. Please see the Transportation Schedule chart for 2020-2021 on the Compact website (www.sixdistrict.com).

Transportation and Driving Requests:

The Six District Educational Compact provides bus transportation for all students enrolled in Career-Technical Education Programs. During this COVID-19 time, if you have other means of transportation to your CTE program other than the bus, I ask you to consider using it. However, please know that transportation will be available to you. Your school counselor and career director/supervisor will review the bus schedule and the Compact transfer site at the Oregon Trails location with you.

Please contact the person in your district for the Transportation Request Form; they are:

Cuyahoga Falls – Mrs. Monica Smith
Kent – Mr. Brian Bachtel
Tallmadge – Mr. Mike Householder

Hudson – Mrs. Maureen Schreiner
Stow-Munroe Falls – Mrs. Evelyn Haught
Woodridge – Mr. Joel Morgan

“Communication” to Students

1. Career-Technical Education Program students will be entered in the “computer call system” of the district housing the Career-Technical Education Program.
2. Please note the communications strategies each district uses – in the information section of COVID-19-CTE Information.

Workbooks and Supplies

Each Career-Technical Education Program has certain necessary workbooks and supplies which you will need. In some instances, students will be asked to purchase tools or operational kits. There are two methods of payment: (1) cash in full; or (2) a payment plan. Information about these two payment methods will be provided during the first week of school.

Compact Website

Our website (www.sixdistrict.com) has been expanded and contains much information that will be helpful to you. I encourage you to check it out.

You can expect that the instructors, school counselors, career directors/supervisors and other staff at the high school where your Career-Technical Education Program is located will work with you. If you have any questions concerning credits, grades, the Career Passport, job placement or personal issues, please contact one of them. Everyone is very committed to your success.

If you have any questions, please call your school counselor or the Six District Educational Compact office.

Even though the current situation for the start of the school year is different, I assure you that your experience in the CTE program will be a quality one. I wish you the best in your new endeavor.

Sincerely,

A handwritten signature in black ink that reads "Mary Jane Stanchina". The signature is written in a cursive, flowing style.

Mary Jane Stanchina
Executive Director
