

What PARENTS need to know about the Six District Educational Compact

- All 26 of the Compact's College Tech Prep Initiatives offer some form of college credit. Depending on the situation, your student could enter college with about one semester of credits already completed, saving time and tuition estimated at \$3,000 or more.
- Our students can and do win scholarships. In recent years, College Tech Prep students have won scholarships to a number of colleges and universities.
- All College Tech Prep offerings are free, although some require a fee or purchase of special tools or uniforms. Payment plans are available.
- Free bus transportation is provided. Students who are working as part of their offering may need to provide their own transportation.
- All initiatives provided by the Six District Educational Compact are offered at no added millage to taxpayers in Cuyahoga Falls, Hudson, Kent, Stow-Munroe Falls, Tallmadge and Woodridge.

Visit our classrooms and labs

Be sure to talk to your school counselor about visiting College Tech Prep offerings scheduled for these evenings in February.

Cuyahoga Falls:	Please see Mrs. Nicholson
Hudson:	Please see Mrs. Chadima.
Kent:	February 2 Conversation with Parents
Stow-Munroe Falls:	February 9
Tallmadge:	February 16
Woodridge:	February 9

What is COLLEGE TECH PREP?

College Tech Prep equips students for high-skill, high-wage careers demanded in a competitive economy. Students are prepared to transition to college with technical skills, college prep academics and, in some cases, college credit for high school coursework. It is about being college and career ready.

What is STEM?

STEM, which stands for Science, Technology, Engineering and Mathematics, is a statewide collaborative venture to help Ohio stay competitive in today's global economy. It nurtures creative students who are problem solvers, innovators, inventors, logical thinkers and strong communicators.

What is a CAREER FIELD?

A Career Field is an organizing and curricular tool, which groups occupations that share a fundamental base of knowledge and skills. Each Career Field includes challenging technical coursework, rigorous academics and technical literacy.

What is a CAREER PATHWAY?

Career Pathways include a series of academic, technical and career-focused coursework and other educational experiences leading to a career specialty, college major and employment.

What is a CAREER PASSPORT?

Each College Tech Prep student creates his or her Career Passport before graduation. The Passport is a professional portfolio containing the student's resume, personal file, grade transcripts, attendance records and reference letters, as well as any certificates or awards.
