

## Career-Based Intervention

The Career-Based Intervention (CBI) program is designed for selected students who want to explore careers while getting first-hand experience in the world of work. CBI helps students develop financial skills in order for them to succeed in the workplace and ensure their success. Students participate in career awareness, explore their personal work attitudes and are involved in a service project. They may spend part of the day working either at the school or at service sites in the community.

	Lab	2 credits

## Family and Consumer Sciences

Family and Consumer Sciences (FCS) courses expose and educate students in a variety of areas, including career exploration, parenting skills, personal and family finance, housing and interior design, food science, nutrition, wellness, textiles and apparel and consumer issues. Family and Consumer Sciences coursework is available within all six districts and aims to provide students with the necessary skills and knowledge for independent living and a healthy quality of life. Additionally, students may have the opportunity to join the student organization, Family, Career and Community Leaders of America (FCCLA). Scan below to explore all of the courses available, along with their course descriptions.
