

Six District Educational Compact

THE CTE Experience

What is Career-Tech / CTE?

Career-Technical Education (CTE) provides students with relevant, engaging, hands-on programming that includes college-prep academics (English, math & science), technical skill development and career exploration.

Upon completing a CTE program, students are prepared to:

- Be career and college ready at the same time!
- Enter the workforce/an apprenticeship with training aligned to industry standards.
- Enter college to further study a career pathway.
- Enlist in the military.

CTE Programs include opportunities for:

- Work-based learning experiences / internships
- Job shadowing
- Connections with area industry and higher ed partners
- College credits
- Mentorship that provides guidance on career exploration
- Membership in career-based organizations

What is the Compact?

The Six District Educational Compact is a network of six local school districts that offer 29 CTE programs to YOU!

**Cuyahoga Falls
Kent
Tallmadge**

**Hudson
Stow-Munroe Falls
Woodridge**

- Most programs are two years, and students typically participate in 11th & 12th grade. Priority is given to placement in 11th grade, but rising 10 graders may still apply.
- Students spend half of the school day at their home school completing college-preparatory academics and the other half at their program school participating in their CTE program.
- Students continue to participate in their home school athletics, clubs, activities, and graduation.
- Transportation is provided.

Culinary Arts & Hospitality Studies

Exploring Careers. Discovering Futures!

Take the first step toward your future by **RESEARCHING** the CTE programs available to you.

- You should receive a **Career Catalog** soon!
- Visit **www.sixdistrict.com**.

On each program page, you will find:

- Program Overview & Digital Notebook to provide detailed information about the program
- Virtual 3D classroom tour
- Program video that includes completers' and current students' testimonials

The Engineering Academy: Advanced STEM - Kent

What CTE completers are saying...

"The Construction program worked my brain in a different way than I found in the traditional classroom. I became a better problem solver and learned important professional skills. I really valued the mentorship and community involvement. This program provides a chance for students to figure out where their interests and strengths lie."

ISABEL THOMAS, ROOSEVELT '18
ARCHITECTURAL DESIGNER - HMB ARCHITECTS

"The Six District EntrepreNew program taught me the importance of networking; learning those fundamentals has been crucial to my business's success. I would recommend this program to anyone who is interested in learning how to run their own company, in a fun environment with amazing guest speakers and a great teacher!"

LONDON STELMARSKI, HUDSON '24
OWNER - BLUE RIBBON YARD CARE, LLC

"The Criminal Justice program provided me with valuable local connections and resources that supported by educational goals. This program gave me access to begin college courses while in high school, and I was able to graduate with my bachelor's degree in just three years."

MARIAH PROPST, STOW-MUNROE FALLS '22
YOUTH SERVICE SPECIALIST - THE CITY OF STOW POLICE DEPARTMENT

The CTE Experience
